Dear Friends of La Plaza,

In 2017, La Plaza continued to play a strong role in the community as the trusted organization in Indianapolis for education programs focusing on Latino students and the point of entry into the health and social services systems for Latinos who have most recently immigrated to Indianapolis.

La Plaza is proud to be the only organization in Indianapolis to provide culturally and linguistically appropriate support to remove the barriers that Latino high school students face when completing high school and accessing postsecondary education opportunities.

La Plaza’s successes in 2017 included:

- A generous 2-year grant in the amount of $400,000 from the Walton Family Foundation. The grant supports implementation of the newly designed Tu Futuro program to be piloted at 2 schools in the Metropolitan School District of Lawrence Township as well as continuing to provide the Leadership Institute for Latino Youth (LILY) summer program.

- Support from the Indiana Criminal Justice Institute Victims of Crime Act for continued case management and referral services for members of the Latino community who have experienced domestic violence.

- Completion of a program evaluation of La Plaza’s premiere education program, Tu Futuro (Your Future). The evaluation involved a program redesign and recommendations for future program adjustments.

- Educational services to nearly 212 Latino students and served more than 2,700 individuals through referrals and access to health and social services we provided.

- Worked on achieving goals included in the 2017-2020 Strategic Plan.

- La Plaza’s two cultural events, Night of the Americas and FIESTA, drew in nearly 10,000 attendees.

La Plaza is pleased for the many opportunities that exist to strengthen the Latino community with the goal of making a significant impact and increasing our presence in Indianapolis. Thank you for your support in 2017 and beyond.

Sincerely,

Miriam Acevedo
President and CEO

- 10,000 Community members were engaged in La Plaza’s annual events
In 2016, Maria was hit by a car and was unable to work for many months due to injuries. She had also just been traumatically affected by the murder of her brother. Maria, a Mexican National and mother of three minor children, two of which are American citizens, reached out to La Plaza when she had nowhere else to turn.

After evaluating the family’s situation, La Plaza’s Access Community Resource Specialist helped Maria apply for Food Stamps and TANF and to prevent displacement, the family also received emergency assistance funds to pay rent. Maria’s needs, however, went beyond receiving direct financial assistance. She was referred to the Children’s Bureau for additional support and resources and was supported by the Neighborhood Christian Legal Clinic’s (NCLC) during intake hours at La Plaza to see if she qualified for an immigration process.

La Plaza continued to provide case management and enlisted the family in the holiday assistance programs at La Plaza and continued to follow up throughout 2017. Maria contacted La Plaza when her son was very ill and needed to be transferred to the United States to receive medical treatment. By working directly with NCLC, Maria’s son obtained a U.S. Visa and was able to receive treatment in the United States. La Plaza’s Community Resource Specialist also assisted the family by providing them with gift cards for food and clothes upon the arrival of her son. Maria is now also in the process of obtaining a U.S. Visa for herself and continues to work with La Plaza to access resources and services.

With La Plaza’s help, Maria has since been able to maintain a steady income and provide for her and her children.

“I am so grateful for all of the assistance provided to me by La Plaza
